A Message from Lisa

I truly enjoy working with children and being part of their learning and growth. I believe every child is unique, with their own personality, interests, and way of learning.

To me, being a good teacher means more than teaching. It also means listening to children, understanding their individual needs, and creating an environment where they feel safe, respected, and cared for.

I look forward to getting to know each child, sharing joyful and creative learning experiences together, and working closely with families to support their growth.
